Lots of ways to get additional info without leaving the page that you're on.

"Learn more" buttons. In-Line glossary definitions. Glossary and index in the left pane, without leaving your content page. Pop-Up screenshots. Live links to forms and notices on [ERS](#).

Roadmaps (Clickable Diagrams)

([Example](#)) The process diagrams are clickable roadmaps that show all steps in a given process, and the actors carrying out each step.

Using the Filter function, end users can filter content according to these same actors, so that they see only the content that they want to see.

Search Box

Search for pages/topics containing **ANY** or **ALL** of your search terms.

This is a full text search, non-case-sensitive.

Enter as many search terms as you like.

Any or All: For example, if you enter "**CEJ**" and "eligible," the search will return hits of **ALL** pages that contain "CEJ" **OR** "eligible."

If you wish to narrow your search results to only those pages that contain **BOTH** "CEJ" **AND** "Eligible," check the checkbox that says "Display results with all search words."

Breadcrumbs

Hit the "Home" button from any screen to return to the top-level menu. (Also, you can hit the "Return to Top of Page" button at any page to get back to the top without scrolling.)

From any page, return to an earlier point in your path just by clicking at location in the breadcrumbs..

Table of Contents

The Table of Contents is found in the left sidebar, which can be toggled on and off (i.e. in and out of view).

Nodes in roadmap process diagrams are mapped to individual topics in the table of contents. A single click on any step in a process diagram will take

you directly to drilldown content providing you with more information about that step.

Index

The index is located in the left sidebar. The index has its own search box, with auto-complete.

All index entries are live hyperlinks. Clicking on the index entry take you to the page of content containing that index entry..

Also, you can search WITHIN the index -- you don't have to scroll down looking through the alphabet looking for "delinquency switch 19," for example. Just enter "delinquency" into the search bar at the top of the Index and, baddabing baddaboom, you're there. (You're welcome.)

Glossary

The glossary is in the left sidebar.

The glossary has a search bar with auto-complete. Just begin typing the word or phrase you're looking for.

You can have multiple glossary terms/entries open or expanded at the same time.

In-line Glossary Definitions

([Example](#))

Filter

Filter the content you see according to your needs and preferences.

"Learn More" Buttons

([Example](#)) On some pages, you'll see buttons you can click on to "learn more."

This is generally content that is nice to know, but is not necessarily critical to performing day-to-day job functions given everyday circumstances.

Pop-Up Screenshots

([Example](#)) When screens are mentioned on a given page, there will usually be live hyperlinks to those screens. These will pop-up right on the page that you're looking at -- it won't take you away from what you're reading. To close the pop-up window, just click outside the pop-up itself, and it will go away.

Moreover, each screenshot will tell you the path to that screen in [ASSETS](#).

Links Directly to Forms and Notices on ERS -- for viewing or download

([Example](#)) When notices or mailings are mentioned on any given page, they will usually contain a hyperlink to take you directly to a copy of the form or notice or mailing in question, on ERS. From there, you can view it, download it, or just admire it.

Don't worry -- it will open in a new window...so again, it won't take you AWAY from the page you're looking at in the manual.

Print Any Topic Directly from Your Browser

Note also that in the future, end users will be able to download an entire chapter (i.e. a chapter on [COLA](#), or Intake Procedures, or DMV) as a single PDF with interactive table of contents bookmarks.

Viewable On Any Screen, Any Device

This manual is built to be viewed on any screen of any device.

It may look different depending upon what device you're using -- or whether you're using a standard monitor, a widescreen monitor, etc.

In fact, you can even resize the window on your screen, and the content will resize and reflow to suit your style.

What This Manual Covers -- and What It Doesn't

What you are looking at is a "first release" of the first chapter of the Child Support Program Manual.

Producing a Program Manual serves a number of purposes, including (among others):

Cost of Living Adjustment (COLA)

- Capturing institutional knowledge that might otherwise be lost as seasoned personnel reach retirement age
- Explaining processes that are otherwise invisible to the caseworker, capturing cause and effect within processes, giving insight into actions performed by the various actors in a process, and giving the end-user an appreciation of the big picture and his or her particular role in it
- Standardizing terminology
- Standardizing procedures

That said, it is recognized that there are 58 local districts in New York State, each with their own way of doing things.

The intention here is to publish a “first release” of the [COLA](#) chapter of the manual. The first release is meant to be limited in scope to that which is:

- Clear and definitive in present-day terms and everyday circumstances
- Universally true or applicable across all 58 local/county social service districts
- Pragmatic information involving “typical” or “sunny day” scenarios encountered in everyday circumstances

Then, content will be expanded upon incrementally and iteratively through subsequent releases.

The first release of this chapter is not meant to be comprehensive. It is not meant to answer every question or cover every "what-if" scenario, error code, or contingency that may be encountered in the COLA process. Those have been saved for a later release/update of the chapter.

The interface of the online Child Support Program Manual has been designed to:

1. Give end-users various ways to navigate the site and various ways to find information quickly
2. Provide users with the information they request, when they request it, without inundating them with information that they did not request.
3. Enable end-users to obtain further details or information about an issue very often without even having to leave the page that they are on. (Many of these features -- like pop-up screenshots, "Learn More" buttons, etc. -- are designed to be accessible to the end-user with a single click of the mouse.)

Intro to COLA

What is a COLA?

A "[COLA](#)" – or *Cost of Living Adjustment* – is a [modification](#) of the obligation amount of a child support order in response to an increase over time in the cost of living in the United States (as measured by the U.S. Bureau of Labor Statistics).

Child Support Services has the authority to apply COLAs to child support orders administratively (i.e., without having to go to court) provided that:

1. All eligibility criteria are met

AND

2. Neither the [CP](#) nor the [NCP](#) (nor the [SCU](#) itself) objects to the increase.

The matter would go to court only if the CP, NCP, or SCU *objects* to the proposed COLA.

The [ASSETS](#) system automatically identifies ledgers eligible for a COLA, and then:

[If the CP is on TA](#)

Cost of Living Adjustment (COLA)

- ASSETS generates a notice to the CP and NCP that a COLA **will automatically be applied** to their order unless one of them objects.
- If either party objects to the proposed COLA, a court hearing is held to determine the correct guidelines order.

If the CP is **NOT** on TA

- ASSETS generates a notice to the CP and NCP that they **have the right to request** a COLA.
- If neither party requests a COLA, no action is taken.
- If a request is made by either party, either party (even the one who made the request) has the right to object to the COLA.
- If the CP, NCP, or the SCU objects, a court hearing is held to determine the correct guidelines order.

If the NCP is on TA

- The case is not eligible for a COLA.

Note:

TA status of the NCP is indicated by the NCP's CAN and CIN numbers on ASSETS.

[learn more](#)

ASSETS will know whether the NCP is on TA in the state of New York only if his/her CAN and CIN numbers are **both** in ASSETS.

If the NCP's CAN and CIN numbers are not in ASSETS, the NCP may be on TA *in a state other than New York* -- but ASSETS would not know

that ***unless the Delinquency Switch is a 19*** – which the caseworker would have had to set manually.

If ASSETS is unaware that the NCP is on TA, a COLA notice will be sent to both parties.

If an NCP who is on TA receives a ***Notice of Your Right to Request***, s/he should contact the help desk or his/her local **CSEU**.

If an NCP who is on TA receives an ***Adjusted Order of Support***, it would be up to the NCP to object to the COLA based upon the fact that s/he is on TA.

TA Accounts versus Non-TA Accounts: Different COLA Processes

COLA eligibility criteria for **TA** and **Non-TA** accounts are the same, but processes are different.

In both TA and Non-TA cases, the ASSETS system automatically identifies orders eligible for COLAs.

TA and Non-TA accounts are processed on the same schedule -- on the third full weekend of each month.

Monthly COLA notices are mailed out in the month of the year corresponding to the month in which the order was first issued or most recently modified or adjusted.

[learn more](#)

Exceptions:

All COLA-eligible accounts with January and February order dates are processed during the third full weekend in February.

(No orders are processed in the month of January each year, as the [CPI-U](#) average annual percentage change is not available until the very end of January.)

Thereafter, COLA eligible accounts with March order dates are processed the third full weekend of March, cases with April order dates are processed the third full weekend in April...and so forth throughout the rest of the year.

(Note that cases will first appear on the [Cost of Living Adjustment Eligible Cases](#) screen two months *prior* to notices being mailed out to CPs and NCPs. This is in order to inform workers in advance of cases becoming eligible for a COLA, ***and to allow them to resolve any error codes or other issues that might prevent the COLA notices from going out on time.***)

How Is a COLA Calculated?

In child support, a [COLA](#) is determined based upon the sum of the percentage changes in CPI-Us for the years:

- since 1994,

OR

- since the original support order,

OR

- since the last year in which the order amount was adjusted or modified

-- *whichever is latest* --

if that sum is equal to or greater than 10%.

The support obligation is multiplied by such percentage. The product is the COLA.

-

For a full description, see New York SSL III-n (I) (c)

Adding up CPI-U percentages to determine COLA eligibility

Below is an example of how CPI-U percentages add up to a sum equal to or greater than 10%, making an account eligible for a COLA.

In the example, the support order was originally established in 2010.

In 2016, the order obligation amount was still the same as it was in 2010 – but the cost of living had risen 10.1% since then. (That is, *the sum of* the CPI-Us of each year from 2010 through 2015 *adds up to* 10.1%.)

Therefore, in 2016, this support order was eligible for a COLA increase (of 10.1%).

Year	CPI-U Percentage	Eligible: Sum of CPI-U's from 2010 through 2015 equals 10.1%	Criteria met: Order established in 1994 is more than two years old, and sum of CPI-U's from 1994 (year of order) is 10% or above.
2015	0.1%		
2014	1.6%		
2013	1.5%		
2012	2.1%		
2011	3.2%		
2010	1.6		
2009	-0.4%		
2008	3.8%		
2007	2.8%		
2006	3.2%		
2005	3.4%		
2004	2.7%		
2003	2.3%		

The same example, in dollars and cents:

A child support order for **\$100** per month was established in 2010.

Sum of CPI-U's from 2010 (year of order) through 2015 = **10.1%**

10.1% X 100 = \$10.10 (This is the amount of the COLA increase.)

Cost of Living Adjustment (COLA)

$\$10.10 + 100.00 = \110 per month (This is the amount of the new, COLA-adjusted support order.)

Therefore, the new support order, including the COLA increase, would be \$110 per month.

Note: The adjusted order amount is rounded to the nearest dollar, as required by law.

Negative CPI-U Years

In the table above, you can see that in 2009, there actually was a *negative* CPI-U. (i.e. According to the Bureau of Labor Statistics, the cost of living in 2009 was actually 0.4% *lower* than in 2008.) That is an unusual situation.

When adding up the CPI-U's for a range of years to determine whether their sum reaches the equal-to-or-greater-than-10% threshold required for a COLA, any *negative* CPI-U's must be *subtracted* from the sum.

For example, although CPI-U's from 2010 through 2015 add up to 10.1%, CPI-U's from 2009 through 2015 would add up to only 9.7%.

Factoring in of years with negative CPI-U's may affect the year in which an account becomes eligible for a COLA.

Ledgers Affected

Not all ledgers in an account will be affected by a COLA. See sections on:

- [Eligible Ledgers](#)

- Ineligible Ledgers

Eligibility

Orders Subject to COLA

Except as otherwise noted, the [COLA](#) is applicable to all orders enforced pursuant to **Title 6-A of the Social Services Law** on behalf of persons in receipt of temporary assistance ([TA](#)), and which include family assistance and safety net assistance and which meet the eligibility criteria. (See “[Eligibility](#)” section of this document.)

The COLA is applicable to all other orders receiving services under **Title 6-A**, including orders for **Title IV-E Foster Care** and Medicaid-only cases. Orders enforced on behalf of persons not in receipt of public assistance ([Non-TA](#)) are subject to COLA under **Section 111-g of the Social Services Law**, upon request of the [CP](#) or NCP.

In [Title IV-E Foster Care](#) cases where there is an assignment of support rights, the SSD shall be deemed to have requested the COLA review.

General Eligibility Criteria for a COLA

The child support program can increase the amount of a child support order administratively (i.e. without court involvement) by applying a [COLA](#) if:

- 1) It has been at least two years since the support order was established, **or** since the obligation amount has been adjusted or modified,

AND

- 2) the sum of the percentage changes in the [CPI-U](#) for the years since 1994, **or** since the original support order, **or** since the last year in which the order amount was adjusted or modified — **whichever is latest** — is equal to or greater than 10%.

Cost of Living Adjustment (COLA)

When these two criteria are met, the case will appear on the [Cost of Living Adjustment Eligible Cases](#) screen in [Worker](#) Alerts.

You can use the [Child Support Standards Act \(CSSA\) Data and Consumer Price Index \(CPI-U\)](#) in [ASSETS](#) Utilities to view Child Support Standards Act data and Consumer Price Index information.

This information helps the worker determine whether or not a case is eligible for a COLA.

Other criteria for determining eligibility for a COLA are detailed later in this manual. (See sections on Eligibility and [Ineligibility](#))

Decision Tree: Is This Order Eligible for a COLA?

Step #	Question	Where to Find the Answer	According the Answer, Move to the Next Step
Step 1	Has it been less than two years since the order was established or modified?	Check date in Review Adjustment Date field on Obligation Tab screen.	If Yes , it is not eligible for a COLA.
			If No , continue with Step #2.
Step 2	Is the sum of the percentage changes in CPI-U for the years preceding the review (beginning with 1994 or the year the order was issued or most recently modified or adjusted, whichever is later) equal to or greater than 10% ?	Check chart of CPI-U on Child Support Standards Act (CSSA) Data and Consumer Price Index utility of ASSETS.	If Yes , continue with Step #3.
			If No , it is not eligible for a COLA.
Step 3	Is the current child support obligation amount \$0.00 ?	Check obligation amount on Obligation Tab screen and SA-Ind field on Child Support Standards Act (CSSA) Information tab.	If Yes , it is not eligible for a COLA.
			If No , continue with Step #4.
Step 4	Is the NCP receiving temporary assistance (TA)?	Use Name and SSN to search WRTS, and SSN to search on the Advanced Search screen .	If Yes , case is not eligible for a COLA.
			If No , case appears to be eligible for a COLA.

* [WRTS](#) = Welfare Reporting and Tracking System

Eligible Ledgers

Any given account may contain some ledgers that are subject to [COLA](#) increases and some ledgers that are not.

Cost of Living Adjustment (COLA)

ASSETS displays on the [Cost of Living Adjustment Eligible Cases](#) screen all accounts that contain COLA-eligible ledgers, even if an account contains a mix of eligible and ineligible ledgers.

There are a total of 11 types of ledgers that are eligible for COLA increases. They are:

<u>Ledger</u>	<u>Eligibility</u>
11B_	Except for 11BM
21A_	Eligible if there is another eligible ledger which is not 1_CB
21BC	Eligible if it has a status of 01
21BE	Eligible if it has a status of 01
21BF	Eligible if it has a status of 01
21BK	Eligible if it has a status of 01
21BP	Eligible if it has a status of 01
21BR	Eligible if it has a status of 01
21BT	Eligible if it has a status of 01
24CZ	24CZ is eligible only if there is also an eligible 11B_ ledger

Ineligible Ledgers

When an account contains some eligible and some ineligible ledgers, the ineligible ledgers do not render the entirety of the account ineligible for a COLA increase. However, only the eligible ledgers will be factored in to the calculations of the COLA.

Multiple Ledgers, Different Payment Frequencies

Normalizing Ledgers with Different Payment Frequencies

Various eligible ledgers under any given account may have both different payment amounts and different payment frequencies. Some ledgers are weekly, some are every two weeks, some are twice a month, some are monthly, and so on.

To View the CPI-U Data From Any Page In ASSETS:

For the purposes of calculating a [COLA](#), the payment frequencies of all eligible ledgers are normalized to the frequency of the ledger with the shortest cycle.

For example, if an account has some ledgers that are annual, some that are monthly, and some that are weekly, all ledgers will be normalized to weekly rates for all eligible ledgers involved. The rates are then figured into a total [weekly] sum eligible for a COLA increase.

The total weekly sum is multiplied by the COLA percentage to arrive at a dollar amount for the COLA increase per week.

Then, all ledgers are recalculated back to their actual frequencies, and the COLA increase percentage is applied to each eligible ledger proportionately.

Ineligibility

Ineligibility

The following types of orders are not eligible for a COLA:

- \$0 obligation amount orders.
- Two-state orders in which New York does not have continuing exclusive jurisdiction ([CEJ](#)).
- Orders with a Status 02, 03, 04, or 05.

Also ineligible are accounts in which:

- The [NCP](#) is active on [TA](#) at the time of case selection for the year's [COLA](#) review.
- Neither party has a valid New York State address in the [ASSETS](#) system.
- The support order predates the [CSSA](#) (9-15-1989) and the child is in receipt of TA and the [Worker](#) determines that a COLA is not in the best interests of the child or the [CP](#).
- Orders issued by another state and registered in NYS only for enforcement.

Note:

In instances where the order was issued by another state and registered in NYS only for enforcement, the worker must enter the value for the state with continuing, exclusive jurisdiction in the [CEJ State](#) field.

If there is **anything** entered in the [CEJ State](#) field on the [Cost of Living Adjustment \(COLA\) Information Edit](#) screen, the order will not be selected by ASSETS for the COLA process.

If a COLA Notice or COLA Order has already been mailed out by the Processing Center at the time that the worker enters data in the [CEJ State](#) field, ASSETS will systematically take action to withdraw the notice of eligibility or [rescind](#) the COLA order.

If an objection to a COLA has already been filed with the court and the [CSEU](#) becomes aware that a state other than New York has continuing exclusive jurisdiction over the case, the [worker](#) will not be able to enter the code for the state holding continuing exclusive jurisdiction into the [CEJ State](#) field until the COLA order is withdrawn.

Cost of Living Adjustment (COLA)

The worker can withdraw the COLA order by entering a code “W” in the [COLA Request Indicator](#) field). See section “[CEJ State field Is locked](#).”

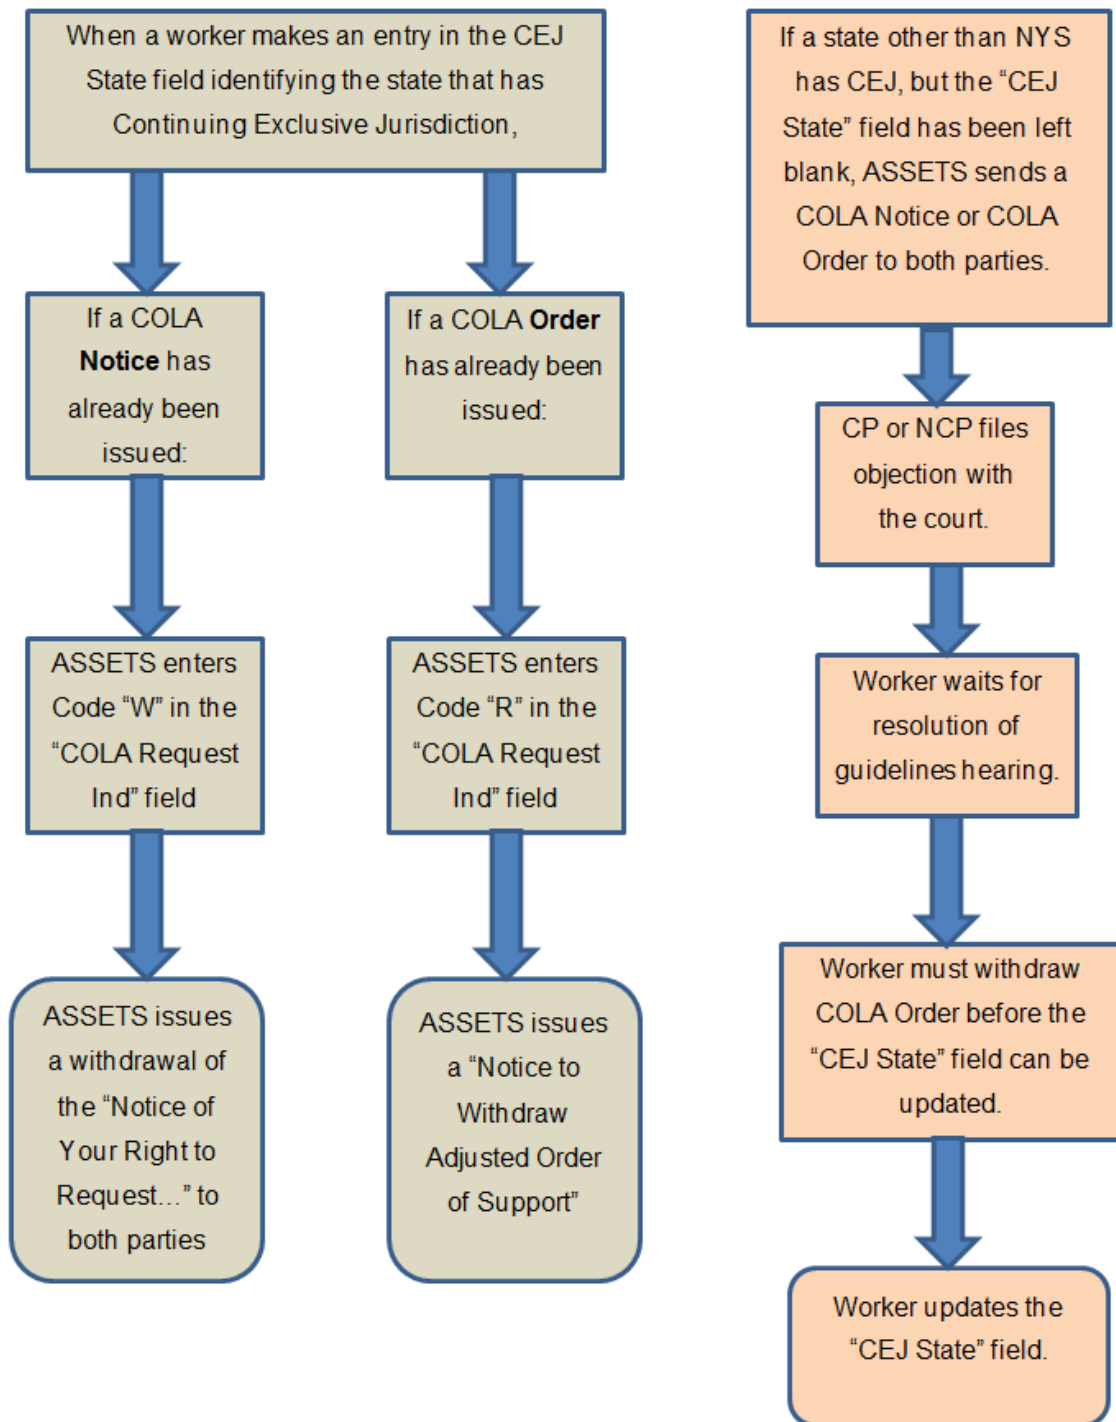

(See the graphic below for details.)

If the worker populates CEJ State field when COLA Notice or COLA Order has already been sent out:

If a different state (not NY) has continuing exclusive jurisdiction (CEJ) over an order, the case is not eligible for a COLA.

Entering a state code in the [CEJ State](#) field will properly prevent ASSETS from selecting it for the COLA Process.

Eligible cases appear on "Cost of Living Adjustment Eligible Cases" screen

On the last weekend of each month, the [Cost of Living Adjustment Eligible Cases](#) screen is refreshed.

The screen is a report under [Worker](#) Alerts. It lists [TA](#) and [Non-TA](#) cases for which notices should go out two months later.

For example:

On the last weekend in August, cases appear for which [COLA](#) notices should be generated on the third full weekend in October.

That means that in October:

- CPs and NCPs in [TA cases](#) should be sent an [Adjusted Order of Support](#)
- CPs and NCPs in [Non-TA cases](#) should be sent a [Notice of Your Right to Request](#)

Why do cases appear on the [Cost of Living Adjustment Eligible Cases](#) screen two months in advance?

Because it gives the worker advanced notice regarding any cases that have generated error codes, allowing them time to resolve those error codes so that COLA notices can go out as they should, and on time.

Potential Problem:

If any cases appearing on the [Cost of Living Adjustment Eligible Cases](#) screen have an "E" (Error) Code in the [Review Adjustment Ind](#) field, the notice that **should** be sent out **will not** be sent out.

Solution:

The worker must resolve those cases containing an "E" code, so that the COLA process can move forward.

The notices and orders of adjustment are system-generated and sent by first class mail from the Processing Center to the party's last known address on **ASSETS**.

If there is no address on ASSETS for the Respondent, a location status will be opened on ASSETS.

If there is no address on ASSETS for either party, no **Notice of Your Right to Request** or **Adjusted Order of Support** will be issued.

No COLA requested? No further action required.

In a Non-TA case, if neither the CP nor the NCP requests a COLA, the COLA Request Ind (Indicator) field will remain blank, and no further action will be taken.

Two years later, if the case is still eligible for a COLA, both parties will again be sent notice that it is eligible.

The COLA will be recalculated by ASSETS at that time, and the notice sent to the CP and NCP will have updated figures regarding the percentage and dollar amount of the proposed COLA.

CP or NCP mails request to Processing Center

Either party can request a COLA by filling out the *Request for a Cost of Living Adjustment (COLA)* form and mailing it back to the Processing Center. (The CP and NCP are provided a self-addressed, postpaid envelope for this purpose.)

When the Processing Center receives a *Request for a Cost of Living Adjustment (COLA)* form from the CP or NCP, the Request Form is scanned and the following data is captured and entered into the Processing Center's computer system:

- Whether or not the Request Form is signed
- Which party (CP or NCP) has made the request

learn more

If the form isn't signed, the request is not entered into the system.

Unsigned [COLA](#) Request Forms are scanned by the Processing Center and sent to the local district through [ECS](#).

The [SCU](#) must reach out to the party who submitted the unsigned request form and have them sign it.

See topic: "[Processing Center Receives an Unsigned COLA Request Form](#)."

In the next data exchange between the Processing Center and [ASSETS](#), the data entered by the Processing Center causes ASSETS to change the value in the [COLA Request Indicator](#) field from a [blank field], (which is the system default value), to one of the following values:

- **Code "2"** = If the CP has requested a COLA.
- **Code "3"** = If the NCP has requested a COLA.

If both the CP *and* the NCP mail in a request, the request code will be set according to whichever request (CP or NCP) was received first.

Then, the [next time](#) *(no action will be taken on the request until the next time that ASSETS runs its COLA monthly process -- on the third full weekend of the month)* that ASSETS runs its COLA monthly process (on the third full weekend of each month), ASSETS will recognize this request for a COLA, and will generate an Adjusted Order of Support for this case.

At that time, the Code "2" or Code "3" in the [COLA Request Indicator](#) field will cause ASSETS to send by first class mail (via the Processing Center) an [Adjusted Order of Support](#) to both parties, the [CSEU](#), and the court.

For each of those orders, the CP, NCP, [SCU](#), and the court will be sent an [Adjusted Order of Support](#) this month.

ASSETS sends the data files to the Processing Center during the next batch processing exchange.

As noted in the "***Adjusted Order of Support***", either party or the [SCU](#) has 35 days from the date of mailing of the adjusted order to file a written objection with the court and to serve a copy upon the other party and the SCU.

If either party objects to a [COLA](#), the COLA will not take effect.

Instead, a court hearing will be held -- specifically, a **[de novo](#) hearing** -- to determine a right-sized support obligation amount. There is no requirement for proof or showing of a change in circumstances as there would otherwise be with a standard [modification](#) petition.

What is a de novo hearing?

A *de novo* hearing, in child support terms, is equivalent to an original support establishment hearing.

Cost of Living Adjustment (COLA)

At a *de novo* hearing, a right-sized order will be arrived at through 1) reviewing financial resources and information pertaining to both parties and then 2) applying the CSSA standards to the case. The amount of the resulting child support order could be higher, lower, or the same as it was before the *de novo* hearing.

In preparation for a *de novo* hearing, the caseworker should conduct a financial investigation just as if it were a new case.

When Should the CSEU File an Objection to a COLA?

When districts receive the [Adjusted Order of Support](#) in [TA](#) and Title IV-E foster care cases for which support rights have been assigned, districts should review [ASSETS](#) and other documentation to determine whether or not the [COLA](#) order would bring the current support amount to a [CSSA](#) level.

If it does not, the district should complete and file an objection and affidavit of service. This document must be generated using ASSETS Document Generation.

(This is critical. It locks the [COLA](#)-affected ledgers so that they cannot be adjusted and a COLA cannot be applied).

Entering any value into the [Adj. Order Objection Date](#) field has the following effects:

- Ledgers are locked so that they cannot be adjusted and COLA cannot be applied to them
- [CEJ State](#) field is locked so that it cannot be edited

(**Note:** Following determination of this matter in court, the Caseworker must *clear* the [Adj Order Objection Date](#) field (or, if necessary, contact [CSS](#) to request that it be unlocked), or else the ledgers and the CEJ State fields will remain locked.

[Worker_enters_Objection_Date_into_Adj_Order_Objection_Date_field.htm](#)

ASSETS locks ledgers so that no COLA goes into effect pending de novo hearing

[ASSETS](#) locks the ledgers so that no [COLA](#) can go into effect pending a decision at a hearing.

The ledgers will remain locked until the [worker](#) clears the Adj. Order Objection Date field is cleared.

[ASSETS_locks_ledgers_so_that_no_COLA_goes_into_effect_pending_de_novo_hearing.htm](#)

Worker prepares for court and conducts financial investigation

The [worker](#) conducts a financial investigation as would otherwise be undertaken in a case to establish an original support order, and provides the court with such financial information as is available on [ASSETS](#).

[Workers_conducts_financial_investigation.htm](#)

Worker enters Court Order Date into ASSETS

The court, upon hearing the objections, may issue an order which increases or decreases the amount owed or issue an order that remains the same, based on the [CSSA](#).

Objection Dismissed

- If the objection to the proposed [COLA](#) is dismissed by the court:

Worker rescinds "Adjusted Order of Support"

- The worker clears the *Adj. Order Objection Date* field, allowing the COLA process to continue.
- The Adjusted Order of Support is processed (by ASSETS) as planned, and takes effect on the *Adj. Order Effective Date*).

Objection Upheld

- If the proposed COLA, as reflected in the Adjusted Order of Support issued to the CP and NCP, is upheld by the court:
- The worker clears the *Adj. Order Objection Date* field, allowing the COLA process to continue.
- The *Court Order Date* is the *earlier* of the date of the court determination on the *Obligation Tab* screen or the *Adj Order Effective Date* on the *COLA Tab* screen (i.e., 60 days from the date the adjusted order was mailed).

New or Modified Order is Issued

- If a new (or modified) Support Order is issued by the court:
- The worker clears the *Adj. Order Objection Date* field and enters the *Court Order Date* for all affected ledgers.
- The *Court Order Date* is reflected on the new Court Order itself, which is sent by the court to the CSEU.

Cost of Living Adjustment (COLA)

The worker rescinds the "Adjusted Order of Support" by entering **Code "R"** (Rescind) in the COLA Request Indicator field on the Cost of Living Adjustment (COLA) Information Edit screen.

1. Go to the Obligation Tab screen (See screenshot below)
2. Click on the "Update COLA" button in the bottom right of the screen
3. The Cost of Living Adjustment (COLA) Information Edit screen appears (See screenshot below)
4. Enter **Code "R"** (Rescind) in the COLA Request Indicator field

In ASSETS, go to: **Home > Module > Inquiry > [enter search criteria] > Name Search Results screen > [double click on: name of client/case] > Parties to Action tab > [click on:] Obligation Tab > "Update COLA" button > Cost of Living Adjustment (COLA) Information Edit screen**

The screenshot displays the 'Cost of Living Adjustment (COLA) Information Edit' screen. At the top, there are navigation tabs: Home, Tasks, Modules, Utilities, Print, Help, and Exit. Below these are input fields for Case ID, District, Case Ind., Respondent, Client, ID, SSN, and DOB. A warning message states: 'Warning: Confidential child support & Federal data-Authorized users only-no redisclosure.' Below the warning are tabs for Parties to Action, Case Status & Events, Resp Addr, Resp Emp, Obligation (selected), Enforcement, Court Information, Documents, and Case History. The Summary section shows: Total Past Due Current Support: \$0.00, Paid to Date: \$100.00, Applied to Date: \$0.00, Net Due: (\$100.00). The Ledgers section shows a table with columns: #, Type, Status, Dist SW, Freq, Obligation Amt, Last Charge Date, Court Order Date, coll Ind, Petition Docket #, ASAB Amt, and Net Due Amt. The table contains one row with data: 1, 118, 01, D07, \$10.00, 07/29/2014, \$0.00, 1. Below the table are buttons for MONEY HISTORY DETAILS and LEDGER DETAILS. At the bottom, there is a section for updating the COLA, including fields for COLA Request Indicator (set to 'No Review Requested'), COLA Amount (\$0.00), COLA Percent (00.00%), SA Indicator (A01), Supreme Court Indicator (Blank/Own Family Co), Court County Number, Adj Order Effective Date, and Adj Order Objection Date. The 'UPDATE COLA' button is highlighted with a red box.

Clicking on the "Update COLA" button in the screen above brings you to the screen below.

Troubleshooting

Objection Date field is locked

If *Adj. Order Effective Date* passes while the *Objection Date* field is populated, the Worker will be unable to clear the *Objection Date* field – meaning they cannot edit the *CEJ State* field, and cannot adjust ledgers.

The worker will need to contact New York State Child Support Services to have the *Objection Date* field cleared and, consequently, the ledgers and *CEJ State* field unlocked.

CEJ State Field is Locked

The *CEJ State* field is locked if either one of these is true:

- *Objection Date* field is populated, or

Cost of Living Adjustment (COLA)

- COLA Request Indicator field contains **Code “R”**
-

When the Objection Date field is populated:

- ASSETS locks the affected ledgers so that they cannot be adjusted, and
- ASSETS locks the CEJ State field.

If the Adjusted Order Effective Date passes while the Objection Date field is populated, the Worker will be unable to clear the Objection Date field – meaning they cannot edit the CEJ State field, and cannot adjust ledgers. The worker will need to contact NYS Child Support Services to get the Objection Date field cleared and, consequently, ledgers and CEJ State field unlocked.

Note: If an objection to a COLA has been filed with the court and the CSEU becomes aware that a state other than New York has continuing exclusive jurisdiction over the case, the worker will not be able to enter the code for the state holding continuing exclusive jurisdiction into the CEJ State field until the COLA order is withdrawn.

The worker can withdraw the COLA order by entering a code “W” in the COLA Request Indicator field). See section “CEJ State field Is locked.”

Code "E" (Error) Appears in Review Adjustment Ind field

A **Code “E”** (Error) in the Review Adjustment Ind field will prevent the COLA process from moving forward.

Instructions: For best performance, limit search targets to your requirements. A series of searches will be executed based on your selections. The fewer searches the system performs, the faster the results.

WRTS: Compares the SSN of the NCP and/or CP and/or child to the Welfare Reporting and Tracking System database.

SSN: Compares the Social Security Number of the NCP and/or CP to the Child Support Management System (CSMS) database.

Name: Compares the name of NCP and/or CP to the CSMS database.

Child: Compares the child's name and/or SSN and/or date of birth (DOB) to the CSMS database. At least one name or an SSN is required.

PFR: Compares the name and/or the SSN and date of birth (DOB) of the father; and/or the name and/or SSN and DOB of the mother; and/or the name and/or DOB of the child to the Putative Father Registry. At least one name or one SSN is required.

SDNH: Compares the SSN of the NCP to the NY State Directory of New Hires.

CAN: Compares the District and Client Assistance Number (CAN) to the CSMS CAN database. The CSMS CAN database is populated with information from WMS.

UCMS: Compares the name and/or SSN of the CP to the Universal Case Management System (UCMS) database.

Employer: Compares user input to the CSMS database for NCP or CP Employer, either for the user's district or statewide. Requires the E/IP name and/or the Federal Employer Identification Number (FEIN). Other inputs for verification and IWO indicators can be used to refine search results.

2014	\$11,670.00	\$15,755.00

Poverty Level and Self Support Reserve can be used in estimating obligation amount, alternate additional arrears, poverty level review and determination of enforcement activities.

Consumer Price Index

Change in Percent from Previous year

Year	Percentage
2015	0.1
2014	1.6
2013	1.5

The table was prepared in accordance with the statutory requirements for conducting Cost of Living Adjustment (COLA) reviews.

CSSA Combined Parental Income Cap

Effective date of cap is January 31 of that year

Year	Cap
2016	\$143,000.00
2014	\$141,000.00
2012	\$136,000.00

Combined Parental Income is the sum of the income of both parents. When the income of both parents exceeds the cap, the law permits, but does not require, the use of the child support percentages in calculating the child support obligation on the income above the cap.

Intro to COLA

What is a COLA?

A "COLA" – or *Cost of Living Adjustment* – is a modification of the obligation amount of a child support order in response to an increase over time in the cost of living in the United States (as measured by the U.S. Bureau of Labor Statistics).

Child Support Services has the authority to apply COLAs to child support orders administratively (i.e., without having to go to court) provided that:

1. All eligibility criteria are met

AND

2. Neither the CP nor the NCP (nor the SCU itself) objects to the increase.

The matter would go to court only if the CP, NCP, or SCU *objects* to the proposed COLA.

The ASSETS system automatically identifies ledgers eligible for a COLA, and then:

If the CP is on TA

- ASSETS generates a notice to the CP and NCP that a COLA ***will automatically be applied*** to their order unless one of them objects.
- If either party objects to the proposed COLA, a court hearing is held to determine the correct guidelines order.

If the CP is NOT on TA

Cost of Living Adjustment (COLA)

- ASSETS generates a notice to the CP and NCP that they **have the right to request** a COLA.
- If neither party requests a COLA, no action is taken.
- If a request is made by either party, either party (even the one who made the request) has the right to object to the COLA.
- If the CP, NCP, or the SCU objects, a court hearing is held to determine the correct guidelines order.

If the NCP is on TA

- The case is not eligible for a COLA.

Note:

TA status of the NCP is indicated by the NCP's CAN and CIN numbers on ASSETS.

[learn more](#)

ASSETS will know whether the NCP is on TA in the state of New York only if his/her CAN and CIN numbers are **both** in ASSETS.

If the NCP's CAN and CIN numbers are not in ASSETS, the NCP may be on TA *in a state other than New York* -- but ASSETS would not know that **unless the Delinquency Switch is a 19** – which the caseworker would have had to set manually.

If ASSETS is unaware that the NCP is on TA, a COLA notice will be sent to both parties.

If an NCP who is on TA receives a **Notice of Your Right to Request**, s/he should contact the help desk or his/her local [CSEU](#).

If an NCP who is on TA receives an ***Adjusted Order of Support***, it would be up to the NCP to object to the COLA based upon the fact that s/he is on TA.

TA Accounts versus Non-TA Accounts: Different COLA Processes

COLA eligibility criteria for TA and Non-TA accounts are the same, but processes are different.

In both TA and Non-TA cases, the ASSETS system automatically identifies orders eligible for COLAs.

TA and Non-TA accounts are processed on the same schedule -- on the third full weekend of each month.

Monthly COLA notices are mailed out in the month of the year corresponding to the month in which the order was first issued or most recently modified or adjusted.

[learn more](#)

Exceptions:

All COLA-eligible accounts with January and February order dates are processed during the third full weekend in February.

(No orders are processed in the month of January each year, as the [CPI-U](#) average annual percentage change is not available until the very end of January.)

Thereafter, COLA eligible accounts with March order dates are processed the third full weekend of March, cases with April order dates are processed the third full weekend in April...and so forth throughout the rest of the year.

(Note that cases will first appear on the [Cost of Living Adjustment Eligible Cases](#) screen two months *prior* to notices being mailed out to CPs and NCPs. This is in order to inform workers in advance of cases becoming eligible for a COLA, ***and to allow them to resolve any error codes or other issues that might prevent the COLA notices from going out on time.***)

How Is a COLA Calculated?

In child support, a COLA is determined based upon the sum of the percentage changes in CPI-U's for the years:

- since 1994,

OR

- since the original support order,

OR

- since the last year in which the order amount was adjusted or modified

-- *whichever is latest* --

if that sum is equal to or greater than 10%.

The support obligation is multiplied by such percentage. The product is the COLA.

-

For a full description, see New York SSL III-n (I) (c)

-

Adding up CPI-U percentages to determine COLA eligibility

Below is an example of how CPI-U percentages add up to a sum equal to or greater than 10%, making an account eligible for a COLA.

In the example, the support order was originally established in 2010.

Cost of Living Adjustment (COLA)

In 2016, the order obligation amount was still the same as it was in 2010 – but the cost of living had risen 10.1% since then. (That is, *the sum of the CPI-U's of each year from 2010 through 2015 adds up to 10.1%.*)

Therefore, in 2016, this support order was eligible for a COLA increase (of 10.1%).

Year	CPI-U Percentage		
2015	0.1%	Eligible: Sum of CPI-U's from 2010 through 2015 equals 10.1%	Criteria met: Order established in 1994 is more than two years old, and sum of CPI-U's from 1994 (year of order) is 10% or above.
2014	1.6%		
2013	1.5%		
2012	2.1%		
2011	3.2%		
2010	1.6		
2009	-0.4%		
2008	3.8%		
2007	2.8%		
2006	3.2%		
2005	3.4%		
2004	2.7%		
2003	2.3%		

The same example, in dollars and cents:

A child support order for **\$100** per month was established in 2010.

Sum of CPI-U's from 2010 (year of order) through 2015 = **10.1%**

10.1% X 100 = \$10.10 (This is the amount of the COLA increase.)

\$10.10 + 100.00 = \$110 per month (This is the amount of the new, COLA-adjusted support order.)

Therefore, the new support order, including the COLA increase, would be \$110 per month.

Note: The adjusted order amount is rounded to the nearest dollar, as required by law.

Negative CPI-U Years

In the table above, you can see that in 2009, there actually was a *negative* CPI-U. (i.e. According to the Bureau of Labor Statistics, the cost of living in 2009 was actually 0.4% *lower* than in 2008.) That is an unusual situation.

When adding up the CPI-U's for a range of years to determine whether their sum reaches the equal-to-or-greater-than-10% threshold required for a COLA, any *negative* CPI-U's must be *subtracted* from the sum.

For example, although CPI-U's from 2010 through 2015 add up to 10.1%, CPI-U's from 2009 through 2015 would add up to only 9.7%.

Factoring in of years with negative CPI-U's may affect the year in which an account becomes eligible for a COLA.

Ledgers Affected

Not all ledgers in an account will be affected by a COLA. See sections on:

- [Eligible Ledgers](#)
- Ineligible Ledgers

Eligibility

Orders Subject to COLA

Except as otherwise noted, the [COLA](#) is applicable to all orders enforced pursuant to **Title 6-A of the Social Services Law** on behalf of persons in receipt of temporary assistance ([TA](#)), and which include family assistance and safety net assistance and which meet the eligibility criteria. (See “[Eligibility](#)” section of this document.)

The COLA is applicable to all other orders receiving services under **Title 6-A**, including orders for **Title IV-E Foster Care** and Medicaid-only cases. Orders enforced on behalf of persons not in receipt of public assistance ([Non-TA](#)) are subject to COLA under **Section 111-g of the Social Services Law**, upon request of the [CP](#) or NCP.

In [Title IV-E Foster Care](#) cases where there is an assignment of support rights, the SSD shall be deemed to have requested the COLA review.

General Eligibility Criteria for a COLA

The child support program can increase the amount of a child support order administratively (i.e. without court involvement) by applying a [COLA](#) if:

1) It has been at least two years since the support order was established, **or** since the obligation amount has been adjusted or modified,

AND

2) the sum of the percentage changes in the **CPI-U** for the years since 1994, **or** since the original support order, **or** since the last year in which the order amount was adjusted or modified — **whichever is latest** — is equal to or greater than 10%.

When these two criteria are met, the case will appear on the [Cost of Living Adjustment Eligible Cases](#) screen in [Worker](#) Alerts.

You can use the [Child Support Standards Act \(CSSA\) Data and Consumer Price Index \(CPI-U\)](#) in [ASSETS](#) Utilities to view Child Support Standards Act data and Consumer Price Index information.

This information helps the worker determine whether or not a case is eligible for a COLA.

Other criteria for determining eligibility for a COLA are detailed later in this manual. (See sections on Eligibility and [Ineligibility](#))

Eligible Ledgers

Any given account may contain some ledgers that are subject to **COLA** increases and some ledgers that are not.

[ASSETS](#) displays on the [Cost of Living Adjustment Eligible Cases](#) screen all accounts that contain COLA-eligible ledgers, even if an account contains a mix of eligible and ineligible ledgers.

There are a total of 11 types of ledgers that are eligible for COLA increases. They are:

<u>Ledger</u>	<u>Eligibility</u>
----------------------	---------------------------

Cost of Living Adjustment (COLA)

11B_	Except for 11BM
21A_	Eligible if there is another eligible ledger which is not 1_CB
21BC	Eligible if it has a status of 01
21BE	Eligible if it has a status of 01
21BF	Eligible if it has a status of 01
21BK	Eligible if it has a status of 01

21BR	Eligible if it has a status of 01
21BT	Eligible if it has a status of 01
24CZ	24CZ is eligible only if there is also an eligible 11B_ ledger

Ineligible Ledgers

When an account contains some eligible and some ineligible ledgers, the ineligible ledgers do not render the entirety of the account ineligible for a COLA increase. However, only the eligible ledgers will be factored in to the calculations of the COLA.

Multiple Ledgers, Different Payment Frequencies

Normalizing Ledgers with Different Payment Frequencies

Various eligible ledgers under any given account may have both different payment amounts and different payment frequencies. Some ledgers are weekly, some are every two weeks, some are twice a month, some are monthly, and so on.

For the purposes of calculating a COLA, the payment frequencies of all eligible ledgers are normalized to the frequency of the ledger with the shortest cycle.

For example, if an account has some ledgers that are annual, some that are monthly, and some that are weekly, all ledgers will be normalized to weekly rates for all eligible ledgers involved. The rates are then figured into a total [weekly] sum eligible for a COLA increase.

To View the CPI-U Data From Any Page In ASSETS:

The total weekly sum is multiplied by the COLA percentage to arrive at a dollar amount for the COLA increase per week.

Then, all ledgers are recalculated back to their actual frequencies, and the COLA increase percentage is applied to each eligible ledger proportionately.

To View the CPI-U Data From Any Page In ASSETS:

Ineligibility

Ineligibility

The following types of orders are not eligible for a COLA:

- \$0 obligation amount orders.
- Two-state orders in which New York does not have continuing exclusive jurisdiction ([CEJ](#)).
- Orders with a Status 02, 03, 04, or 05.

Also ineligible are accounts in which:

- The [NCP](#) is active on [TA](#) at the time of case selection for the year's [COLA](#) review.
- Neither party has a valid New York State address in the [ASSETS](#) system.
- The support order predates the [CSSA](#) (9-15-1989) and the child is in receipt of TA and the [Worker](#) determines that a COLA is not in the best interests of the child or the [CP](#).
- Orders issued by another state and registered in NYS only for enforcement.

Note:

In instances where the order was issued by another state and registered in NYS only for enforcement, the worker must enter the value for the state with continuing, exclusive jurisdiction in the [CEJ State](#) field.

If there is **anything** entered in the [CEJ State](#) field on the [Cost of Living Adjustment \(COLA\) Information Edit](#) screen, the order will not be selected by ASSETS for the COLA process.

If a COLA Notice or COLA Order has already been mailed out by the Processing Center at the time that the worker enters data in the [CEJ State](#) field, ASSETS will systematically take action to withdraw the notice of eligibility or **rescind** the COLA order.

If an objection to a COLA has already been filed with the court and the **CSEU** becomes aware that a state other than New York has continuing exclusive jurisdiction over the case, the **worker** will not be able to enter the code for the state holding continuing exclusive jurisdiction into the [CEJ State](#) field until the COLA order is withdrawn.

The worker can withdraw the COLA order by entering a code "W" in the [COLA Request Indicator](#) field). See section "[CEJ State field Is locked](#)."

(See the graphic below for details.)

If the worker populates CEJ State field when COLA Notice or COLA Order has already been sent out:

If a different state (not NY) has continuing exclusive jurisdiction (CEJ) over an order, the case is not eligible for a COLA.

Entering a state code in the [CEJ State](#) field will properly prevent ASSETS from selecting it for the COLA Process.

Cost of Living Adjustment (COLA)

When you click a link in the map and are brought to drill-down content, how can you return to the map?

Three ways:

Eligible cases appear on "Cost of Living Adjustment Eligible Cases" screen

- 1) Click "[Non-TA](#) Process" in the table of contents.
- 2) Click "Non-TA Process" in the breadcrumbs.
- 3) Click the "back" button on your browser.

Also, if you scroll down to the bottom of the map and want to return to the top of the page, you can:

- 1) Scroll back up to the top of the page, or
- 2) Click the "Return to Top" button (it looks like an arrow, pointing up) in the bottom right of your screen.

Eligible cases appear on "Cost of Living Adjustment Eligible Cases" screen

On the last weekend of each month, the [Cost of Living Adjustment Eligible Cases](#) screen is refreshed.

The screen is a report under [Worker](#) Alerts. It lists [TA](#) and [Non-TA](#) cases for which notices should go out two months later.

For example:

On the last weekend in August, cases appear for which [COLA](#) notices should be generated on the third full weekend in October.

That means that in October:

- CPs and NCPs in [TA cases](#) should be sent an [Adjusted Order of Support](#)
- CPs and NCPs in [Non-TA cases](#) should be sent a [Notice of Your Right to Request](#)

Why do cases appear on the [Cost of Living Adjustment Eligible Cases](#) screen two months in advance?

Because it gives the worker advanced notice regarding any cases that have generated error codes, allowing them time to resolve those error codes so that COLA notices can go out as they should, and on time.

Potential Problem:

If any cases appearing on the [Cost of Living Adjustment Eligible Cases](#) screen have an “E” (Error) Code in the [Review Adjustment Ind](#) field, the notice that **should** be sent out **will not** be sent out.

Solution:

The worker must resolve those cases containing an “E” code, so that the COLA process can move forward.

ASSETS runs its COLA monthly process (on the third full weekend of each month)

On the third full weekend of each month, [ASSETS](#) runs its [COLA](#) monthly process.

During this process, ASSETS:

1. Identifies all cases for which CPs and NCPs will be sent monthly COLA-related notices this month. Specifically, the ASSETS system:
 - Identifies [TA](#) cases that will be sent an [Adjusted Order of Support](#) this month
 - Identifies [Non-TA](#) cases that will be sent a [Notice of Your Right to Request](#) this month
 - Identifies Non-TA cases for which the [CP](#) or [NCP](#) has requested a COLA, and which therefore will be sent an [Adjusted Order of Support](#) this month.

For each of those cases, ASSETS:

2. Identifies and [normalizes](#) all COLA-eligible ledgers
3. Calculates COLA percentage, dollar amount, and adjusted support order amount
4. Generates data files regarding those cases. (These data files will be sent to the Processing Center for further action.)

Proc Ctr mails "Adjusted Order of Support" to all parties

The [Adjusted Order of Support](#) is mailed out within five days of the data files being received by the Processing Center (from [ASSETS](#)).

(Note: The cover letter that goes out with the notice bears the date the letter was generated by ASSETS -- not the date that it was printed at or mailed from the Processing Center.)

When an [Adjusted Order of Support](#) is issued to the [CP](#) and [NCP](#), the Processing Center also sends the order by regular mail to the [CSEU](#) and to the family court address indicated on the [Court Address](#) screen on ASSETS. (**Go to Home > Utilities > District Addresses > View > Court [tab]**)

Family Court cases

For Family Court cases, notice is sent to the family court address indicated on the [Court Address](#) screen.

Supreme Court cases

For Supreme Court orders, the district should enter **Code "S"** in the [Supreme Court Indicator](#) field on the [Cost of Living Adjustment \(COLA\) Information Edit](#) screen. Then the order will be sent to the supreme court address indicated on the [Court Address](#) screen in ASSETS.

Cost of Living Adjustment (COLA)

If the New York order, either Family or Supreme court, is from other than a local court (i.e. the account was created based on a change of payee), the district should:

- a) Enter **Code "S"** in the *Supreme Court Indicator* field (for supreme court)

OR

- b) Enter **Code "F"** (for family court)

AND

- c) Enter the court county number for the county that is the origin of the order in the *Court County Number* field on the *Obligation Tab* screen.

This will ensure that the appropriate court gets the order.

"Notice of Your Right To Request a Cost of Living Adjustment to Your Child Support Order"

"Request for a Cost of Living Adjustment (COLA)"
(Note: There is no deadline to submit a request for a **COLA**.)

A pre-addressed (to the Processing Center), postage-paid envelope

The notices and orders of adjustment are system-generated and sent by first class mail from the Processing Center to the party's last known address on **ASSETS**.

If there is no address on ASSETS for the Respondent, a location status will be opened on ASSETS.

If there is no address on ASSETS for either party, no **Notice of Your Right to Request** or **Adjusted Order of Support** will be issued.

PROC_CENTER_PRINT.htm

No COLA requested? No further action required.

In a Non-**TA** case, if neither the **CP** nor the **NCP** requests a **COLA**, the **COLA Request Ind** (Indicator) field will remain blank, and no further action will be taken.

Two years later, if the case is still eligible for a COLA, both parties will again be sent notice that it is eligible.

The COLA will be recalculated by [ASSETS](#) at that time, and the notice sent to the CP and NCP will have updated figures regarding the percentage and dollar amount of the proposed COLA.

CP or NCP mails request to Processing Center

Either party can request a [COLA](#) by filling out the [*Request for a Cost of Living Adjustment \(COLA\)*](#) form and mailing it back to the Processing Center. (The [CP](#) and NCP are provided a self-addressed, postpaid envelope for this purpose.)

There is no deadline for mailing in the form.

[CP_or_NCP_mails_request_to_Processing_Center.htm](#)

Processing Center captures request for COLA

When the Processing Center receives a [*Request for a Cost of Living Adjustment \(COLA\)*](#) form from the [CP](#) or [NCP](#), the Request Form is scanned and the following data is captured and entered into the Processing Center's computer system:

- Whether or not the Request Form is signed
- Which party (CP or NCP) has made the request

[learn more](#)

If the form isn't signed, the request is not entered into the system.

Unsigned [COLA](#) Request Forms are scanned by the Processing Center and sent to the local district through [ECS](#).

The [SCU](#) must reach out to the party who submitted the unsigned request form and have them sign it.

Cost of Living Adjustment (COLA)

See topic: "[Processing Center Receives an Unsigned COLA Request Form.](#)"

In the next data exchange between the Processing Center and [ASSETS](#), the data entered by the Processing Center causes ASSETS to change the value in the [COLA Request Indicator](#) field from a [blank field], (which is the system default value), to one of the following values:

- **Code "2"** = If the CP has requested a COLA.
- **Code "3"** = If the NCP has requested a COLA.

If both the CP *and* the NCP mail in a request, the request code will be set according to whichever request (CP or NCP) was received first.

Then, the [next time](#) *(no action will be taken on the request until the next time that ASSETS runs its COLA monthly process -- on the third full weekend of the month)* that ASSETS runs its COLA monthly process (on the third full weekend of each month), ASSETS will recognize this request for a COLA, and will generate an Adjusted Order of Support for this case.

At that time, the Code "2" or Code "3" in the [COLA Request Indicator](#) field will cause ASSETS to send by first class mail (via the Processing Center) an [Adjusted Order of Support](#) to both parties, the [CSEU](#), and the court.

Processing_Center_enters_request_code_into_system.htm

ASSETS runs its COLA monthly process (on the next third full weekend of the month)

ASSETS runs its COLA monthly process (on the next third full weekend of the month)

On the next third full weekend of the month, ASSETS runs its COLA monthly process.

ASSETS identifies the orders for which the CP or NCP has requested a COLA (i.e., those cases which now have a **Code "2"** or **Code "3"** in the *COLA Request Indicator* field).

For each of those orders, the CP, NCP, SCU, and the court will be sent an ***Adjusted Order of Support*** this month.

For each of those orders, ASSETS generates data files and sends them to the Processing Center, along with all other files involved in the COLA monthly process..

[learn more](#)

Note: When ASSETS generates a notice, it doesn't generate the entire letter. Rather, it generates data elements corresponding to data fields that will be used by the Processing Center to assemble and print the notices. Those data elements contain information like processing date, name, address, COLA percentage, adjusted order of support amount that would result from proposed COLA, etc.

ASSETS sends the data files to the Processing Center during the next batch processing exchange.

The cover letter that goes out with the notice will bear the date the notice is generated by ASSETS -- not the date that it is printed at or mailed from the Processing Center.

Intro to Objections in COLA

Intro to Objections in COLA Process

As noted in the "***Adjusted Order of Support***", either party or the SCU has 35 days from the date of mailing of the adjusted order to file a written objection with the court and to serve a copy upon the other party and the SCU.

If either party objects to a COLA, the COLA will not take effect.

Instead, a court hearing will be held -- specifically, a **de novo** hearing -- to determine a right-sized support obligation amount. There is no requirement for proof or showing of a change in circumstances as there would otherwise be with a standard modification petition.

What is a de novo hearing?

A *de novo* hearing, in child support terms, is equivalent to an original support establishment hearing.

At a *de novo* hearing, a right-sized order will be arrived at through 1) reviewing financial resources and information pertaining to both parties and then 2) applying the CSSA standards to the case. The amount of the resulting child support order could be higher, lower, or the same as it was before the *de novo* hearing.

In preparation for a *de novo* hearing, the caseworker should conduct a financial investigation just as if it were a new case.

When Should the CSEU File an Objection to a COLA?

When districts receive the **Adjusted Order of Support** in TA and Title IV-E foster care cases for which support rights have been assigned, districts should review

When Should the CSEU File an Objection to a COLA?

ASSETS and other documentation to determine whether or not the COLA order would bring the current support amount to a CSSA level.

If it does not, the district should complete and file an objection and affidavit of service. This document must be generated using ASSETS Document Generation.

A sample of the Objection petition can be viewed at:

Troubleshooting

Objection Date field is locked

If *Adj. Order Effective Date* passes while the *Objection Date* field is populated, the Worker will be unable to clear the *Objection Date* field – meaning they cannot edit the CEJ State field, and cannot adjust ledgers.

When Should the CSEU File an Objection to a COLA?

The worker will need to contact New York State Child Support Services to have the *Objection Date* field cleared and, consequently, the ledgers and *CEJ State* field unlocked.

CEJ State Field is Locked

The *CEJ State* field is locked if either one of these is true:

- *Objection Date* field is populated, or
- *COLA Request Indicator* field contains **Code “R”**

When the *Objection Date* field is populated:

- *ASSETS* locks the affected ledgers so that they cannot be adjusted, and
- *ASSETS* locks the *CEJ State* field.

If the *Adjusted Order Effective Date* passes while the *Objection Date* field is populated, the *Worker* will be unable to clear the *Objection Date* field – meaning they cannot edit the *CEJ State* field, and cannot adjust ledgers. The worker will need to contact NYS Child Support Services to get the *Objection Date* field cleared and, consequently, ledgers and *CEJ State* field unlocked.

Note: If an objection to a COLA has been filed with the court and the *CSEU* becomes aware that a state other than New York has continuing exclusive jurisdiction over the case, the *worker* will not be able to enter the code for the state holding continuing exclusive jurisdiction into the *CEJ State* field until the COLA order is withdrawn.

The worker can withdraw the COLA order by entering a code “W” in the *COLA Request Indicator* field). See section “[CEJ State field Is locked.](#)”

Code "E" (Error) Appears in Review Adjustment Ind field

A Code "E" (Error) in the *Review Adjustment Ind* field will prevent the [COLA](#) process from moving forward.

This is different from a CIN number, which identifies an individual PERSON and spans several services under the umbrella of social services. (See glossary entry for CIN number.)

CEJ: Continuing Exclusive Jurisdiction.

CEJ State: CEJ = Continuing Exclusive Jurisdiction. The CEJ State is the state that has continuing exclusive jurisdiction over this case. If this field in ASSETS is populated, it means that this is an out-of-state case. In other words, it is in our

change in circumstances:

CIN number: Client Identification Number. A CIN number identifies an individual person and spans various services under the umbrella of social services. For example, if a person is receiving TA (temporary assistance), SNAP (food assistance), and Child Support, all of these fall under a single CIN number identifying the person receiving these services. * An individual CIN (person) may have multiple CAN numbers pertaining to individual services.

COLA: Cost-of-Living Adjustment, sometimes called a Cost-of-Living Allowance.

COLA Mailer:

COLA Notice: A notice informing CP and NCP that their support order is eligible to request a COLA and that if they wish to pursue a COLA, they must request one. A request form is enclosed with the COLA Notice.
